

611 West 112th Street Interior and Exterior Renovation

Columbia University is performing an interior gut renovation and exterior restoration of 611 W. 112th Street for future university housing. The project scope includes a building-wide replacement of floor and roof structure; historical restoration of the exterior masonry and recreation of the cornices; replacement of windows; new interior finishes; new mechanical, electrical, and plumbing; fire alarm, fire protection and security systems, and the creation of a new, accessible entrance.

Construction Activities for the Weeks of January 6, 2025 and January 13, 2025

Although contractors carefully stage construction activities to minimize disruption, the nature of construction work is such that some disruptions will occur. The community should expect the following in the coming weeks:

What is Happening

- Interior spray insulation will be performed between 4:00 p.m. and 12:00 a.m. A small compressor used to perform this work will be located in the western courtyard and will be enclosed in noise mitigation blankets to help reduce noise.
- A heater will be operational inside the street enclosure during cold weather to condition the building. A noise mitigation blanket will be used to help reduce noise.
- Installation of soils by means of blowing system and backfill in the north, west and east courtyards.
- Testing and installation of the final roofing system, anticipated to be complete by approximately the middle of February, weather permitting.
- Cleaning, raking, repointing, and repairs of exterior and interior façades.
- Mechanical, electrical, and plumbing systems top track framing, and stud walls in the building's interior.
- Removal of exterior scaffolding and material hoist along the south facade of the building.
- Daily deliveries of masonry, carpentry, stone, flooring and/or steel materials.
- Daily operation of the street hoist and eventual removal, planned for the middle of January.
- Daily cleanup inside the building, including debris haul off.
- Concrete pour of the entrance and service ramps planned for middle to end of January.

What to Expect

- Regular work hours are 7:00 a.m. to 6:00 p.m., Monday through Friday, and 9:00 a.m. to 5:00 p.m. on Saturday (in accordance with all necessary permits). After-hours permit approved for interior work to be performed between 6:00 p.m. to 12:00 a.m., Monday through Friday.
- Personnel will be moving in and out of the building with miscellaneous debris.

611 West 112th Street Interior and Exterior Renovation

What to Expect (cont.)

- Material drop-off and pickup will be performed between the working hours of 7:00 a.m. to 6:00 p.m., with the exception of 7:30 a.m. to 8:45 a.m. and 2:45 p.m. to 3:45 p.m. to coordinate with school drop off and pickup.
- Expect noise and other impacts typically associated with construction activities.

-Please note that all activities are subject to change based on weather and other field conditions-
