Baker Athletics Complex

Construction Activities

C olumbia University is performing two separate projects at the Baker Athletics Complex: the construction of a state-of-the-art tennis center and the replacement of turf at the Softball Stadium. The tennis center replacement is anticipated to be complete in October 2022, and the Softball Stadium turf replacement is anticipated to be complete during the first quarter of 2022.

Construction Activities for the Weeks of March 21, 2022 and March 28, 2022

Although contractors carefully stage construction activities to minimize disruption, the nature of construction work is such that some disruptions will occur. The community should expect the following in the coming weeks:

What is Happening

Tennis Center Replacement

- Excavation for ground floor slab
- Installation of metal decking
- Deliveries include various reinforcing materials, mechanical pipes and conduit

Softball Stadium Turf Replacement

- Completing installation of new fencing, netting, and padding, and detailing of turf
- First Softball home game will be on Wednesday, March 23

What to Expect

- Regular working hours are 7:00 a.m. to 4:00 p.m., Monday to Friday. After-hours work may take place until 6:00 p.m. Monday through Friday, and on weekends with all required permits.
- There may be intermittent noise from truck deliveries and equipment removal.

-Please note that all activities are subject to change based on weather and other field conditions-

For More Information

For more information about the Tennis Center Replacement and Softball Stadium Turf Replacement, please visit designconstruct.cufo.columbia.edu. Should you have any questions or concerns about these projects, please call the Columbia University Facilities Services Center at (212) 854-2222 24 hours a day, seven days a week, or email projx@columbia.edu (emails responded to during normal business hours).

To receive future construction updates via email, write to projx@columbia.edu with "Baker Athletics Complex Updates" in the subject line.
