ReCover Rec

Mohawk Group's ReCover Recycling Program has diverted over 160 million pounds of flooring from landfill. We do this through our commitment to product circularity. Product circularity helps us keep valuable materials out of landfill.

How to ReCover your flooring:

You receive an invoice from Mohawk Group on your customer account.

Recycling Program

Our program is an award-winning flooring recycling program that, since 2006, has kept millions of pounds of flooring out of landfills. And we don't just accept Mohawk flooring, **we accept** all flooring. This is because we Believe in Better. Life cycle thinking is part of our business. End of life is important to reduce environmental impacts. Recycling flooring gives it a second life.

Scan to get an estimate

Fill out the reclamation form on our website and receive an all inclusive quote within three business days.

You provide us with approval and a pick up date and prepare the flooring for pick up according to our guidelines.

You receive a certificate from Mohawk Group verifying the positive impact your project has had on the planet.

We arrange a container and handle logistics so you don't have to.

Mohawk Group is ready to help you when you need it with our QuickShip program. Get quick access to hundreds of commercial flooring products available to ship within 10 business days (up to 2,000 square yards) and curated collections for those fast turnaround projects.

QuickShip options available in:

- Soft Surface
- Hard Surface
- Accessories

duracolor 06 TRICOR

Duracolor® Tricor solution dyed nylon delivers unsurpassed stain resistance, colorfastness, durability, color clarity, and enhanced soil performance.

Soil Control

Optimal soil hiding, soil removal, and color clarity, due to its unique shape and triangular hollow core.

Stain Resistance

Utilizes a patented process for permanent built-in stain resistance that won't wash or wear off.

Performance

Unsurpassed colorfastness to light and atmospheric contaminants, so colors won't fade.

Durability

Unique fiber shape and core resist crushing, for carpet with enhanced durability and a longer life cycle.

Sustainability

Complies with Declare Red List Free in accordance with the Living Building Challenge and made with recycled content.

New York Showroom

Within New York City's bustling fashion district, Mohawk Group now boasts an innovative 13,000-square-foot flagship showroom that fully incorporates the company's "Believe in Better" mantra to reflect new chapter of sustainable design.

The showroom officially met the requirements for WELL Building Standard Platinum and LEED v4 Gold certification. Designed by Gensler, the 13,000-square-foot Chelsea retail space is one of the few projects in the world to be certified under both programs. To meet the stringent requirements of both certifications, Mohawk implemented unique measures to support employee health and wellness and incorporate nature-inspired design, while also leaving a positive impact.
