

CZ Biohub New York

Studebaker Sixth Floor

Laboratory Renovations

Columbia University is performing renovations on the sixth floor of the Studebaker Building to create a state-of-the-art research space for the Chan Zuckerberg Biohub New York. The CZ Biohub New York is a collaborative effort among scientists from Columbia University, The Rockefeller University, and Yale University to bioengineer immune cells for the early detection and treatment of diseases. In addition to the renovation work on the sixth floor, the third and fourth floors will be refreshed.

Construction Activities for the Weeks of June 1, 2026 and June 8, 2026

Although contractors carefully stage construction activities to minimize disruption, the nature of construction work is such that some disruptions will occur. The community should expect the following in the coming weeks:

What is Happening

- CZ Biohub has officially moved into their new space and is setting up their offices and lab
- Connection to the emergency generator will be completed on Wednesday, June 3. Testing will be conducted so impacts are isolated to the 6th floor so impacts are not anticipated to be seen or experienced on the other floors of the building.
- Miscellaneous roof work is nearing completion and materials will be removed
- Installation of duct wrap on exhaust ducts by restrooms on floors 2-5 will be nearing completion
- Commissioning of mechanical, electrical, and plumbing systems is continuing

-Please note that all activities are subject to change-

What to Expect

- Regular work hours are 7:00 a.m. to 5:00 p.m., with after-hours work performed as needed.
- Expect noise and other impacts typically associated with construction projects.
- Material deliveries and trash load out through the loading dock and the freight elevator.
- Increased personnel traffic within the building on the 6th floor, and on the lower floors as needed.
- Increased material deliveries for the project to be expected.

For More Information

You can find more information about the CZ Biohub New York laboratory renovations on our website at cufo.columbia.edu/czbiohubrenovation. If you have any questions or concerns about this project, please call the Columbia University Facilities Services Center at (212) 854-2222 24 hours a day, seven days a week, or e-mail projx@columbia.edu (emails responded to during normal business hours). We apologize for the inconvenience and thank you for your patience while we perform this work.
